PLAYOFF STRUCTURE:

VARSITY: There will be two rounds of playoffs for the **varsity girls and boys**. The top three varsity teams in each area will make it to post season play.

FIRST ROUND: The four area winners will receive a first-round bye. The number two's and three's in each area will cross over within their own region to play the first round, with the number two's hosting the three's. (*i.e., North Region Area 1 #2 hosts Area 2 #3, and Area 2 #2 hosts Area 1 #3. Same for the South Region.*)

SECOND ROUND: The number one's host the winners of the "two vs. three" first round game in a REGIONAL CROSS OVER game. (*i.e., North Region Area 1 #1 hosts winner of South Region Area 2 #2 vs. Area 1 #3...etc.*) The winners of the second-round games then advance to the FINAL FOUR in Oxford.

JUNIOR HIGH BOYS: The top two schools from each area will advance to the playoffs. The number one's from each area will host the number two's from their opposite area in a sub-state game. The winners will advance to the FINAL FOUR.

JUNIOR HIGH GIRLS: North vs. South. Top four from each region will advance to substate going by record of teams. In the event of a tie, we will compare head-to-head outcome. If still tied, we will compare overall scoring (points scored minus points allowed) in head-to-head games only.

Area rankings are determined by area record. In the event of a tie, the two teams' overall regional record will be looked at. In the event the records remain tied a tie-breaker game will be played at a neutral site.
